## VYKON® MAGNESIUM GLYCINATE

AMPLIFY PERFORMANCE  
AND ENHANCE SLEEP

## ABOUT VYKON® MAGNESIUM GLYCINATE

Magnesium is known as a macro-mineral. The human body requires a lot of magnesium to aid with bone health, tissue formation and proper muscle function. As many as half of the population get less than the recommended amount of magnesium daily.

Vykon® Magnesium Glycinate amplifies athletic performance for athletes, by helping with bone development, muscle and nerve formation and assist with maintaining blood sugar levels. It aids in sleep and relaxation, anxiety and depression as it plays a key role in brain biochemistry.

Vykon® Magnesium is sourced from magnesium glycinate. It is a highly bio-available source of magnesium, making it much easier for your body to absorb.

**Adults:** Take 1-2 capsules, 1 time daily; preferably in the evening, or as advised by your healthcare practitioner.

Available in bottle sizes of 120 capsules and 60 capsules

## WHAT VYKON® CUSTOMERS ARE SAYING...

“I have been taking Vykon® Magnesium for 6 months now and it has significantly lowered my anxiety levels, and helped my sleep. I am so much more relaxed and able to enjoy life again.”

Sam W.

“Vykon® Magnesium has changed my life. My training has improved, my energy level is amazing and my muscle tone is improving day by day.”

Mary R.

Magnesium supports over 300 enzymatic processes in the body. It helps to metabolize carbohydrates, proteins and fats. Enhance your sleep and relaxation, maintain healthy teeth and bones and tissue formation with this highly bio-available source of magnesium.
